

YOU EARNED IT, NOW WEAR IT WITH PRIDE!!
OFFICIAL BISMARCK HS LETTER JACKETS

Since 1865, the letter jacket has been an American tradition with a long, proud history of showing school spirit. Jostens delivers the quality and comfort worthy of your greatest achievements.

HISTORY & TRADITION

The awarding of Monograms originated in the mid 1880's - The first Chenille Letter was presented to an athlete by Coach Amos Alonzo Stagg.

The foremost prize that every student desires to win is his or her monogram, better known today as a Letter. The young students who bear this stamp of achievement on their chests have earned the respect and praise of their peers and community.

Anything you possess is valued by what it costs, and this is the reason most people treasure their school Letter so highly. To wear

your Letter you must first earn the right to wear it, which means you have paid for your Letter with time, effort, sweat and sacrifice.

A Letter represents long hard days of practice, study, the grueling contests and exams. It represents loyalty and the unselfish faithfulness of each student while in pursuit of a definite goal. It recalls cherished memories of experiences with coaches and teachers who worked, drilled and planned daily to help develop the ability you possess, those who taught you the power of dreams and how to make them a reality. It represents each individual event, specific opponents and the strategic moments of every contest in which you took part.

Last and far from least, your Letter is the stamp of approval or seal of recognition from your alma mater signifying your achievement. Your Letter represents the purposes and the ideas for which your school stands. You are the proud recipient of something that every student admires. The Letter is yours to wear whenever and wherever you choose. When wearing your Letter always conduct yourself in a manner reflecting the ideals and spirit of your school. Your Letter should be a perpetual spring of inspiration and a constant stream of pleasant memories.
