Dear Parents/Guardians of Incoming 6th Grade Students:

RE: Horizon Middle School Summer Academic Program Registration

The Summer Academic Program is a free four-week middle school summer program that focuses on reading, English, math, social studies, and science. This program will use a hands-on, project based approach to actively involve students. **Classes will be in session, Monday through Thursday from 8:00am – 12:00pm, starting June 5, through June 30 at Horizon Middle School.**

Children who will be entering grade 6 in the fall are eligible to attend this summer academic school program. The goal is that children who enroll in this program will maintain or improve their academic skills in the core academic areas.

- * **You must register your child for the whole four-week session and attendance is mandatory.**
- * The **REGISTRATION DEADLINE** is **March 9**. Please fill out one registration form per child that will be attending **and return it to Horizon Middle School**.
- * **A Parent or Legal Guardian signature is required on the registration form.**
- * Due to limited funding, there is no supervision for your child before 8:00 am or after 12:00 pm.
- * Busing service is not provided for the summer program.
- * Late registrations will be placed on a waiting list and parents will be notified if space becomes available.

It is important for planning purposes that every effort is made to register your child by the March 9th deadline. If you need to withdraw your child at a later date, please notify Horizon Middle School so that a child on the waiting list may be enrolled.

Please call your school office if you have any questions at 701-323-4554.

Sincerely,

Dr. Shawn Oban
Principal
